40 (08/09) PLANNING
(a) Applications to consider

#### 1/0565/2008/FUL RHT Developments Ltd 10 units, land off Aller Rd, Dolton

"I thank Ms Beedles for her letter dated  $22^{nd}$  June 2008 in which raises concerns that in my role as a Councillor I have promoted Edgefield and sought to undermine the position of the Rural Housing Trust

To address those concerns and reassure other members of the public, I would like to state categorically once again that I have done nothing in my role as a Councillor to promote the Edgefield application and have never attempted to influence the thoughts of my fellow members on that issue

Your letter suggests that supporters of Edgefield have claimed Aller Road to be a rival site. I have not stated that at any time and I know as a Council we have not made that distinction and furthermore, Dolton Parish Council are certainly not under any directive to make a choice between the two proposals

Finally, I also strongly refute any suggestion that I have tried to undermine the Rural Housing Trust. The importance of working as a Community in shaping the future of Dolton is not something I take lightly and I wholly appreciate that things have to be done in the right way. By proposing that Dolton Parish Council informed Torridge District Council that the Community of Dolton have not been as closely involved in putting together a scheme for affordable housing as the District Authority may have been led to believe, is not an attempt to undermine anyone's position, it was simply reporting the facts"

Two Councilors declared an interest and left the meeting room:

Cllr Jury Personal Cllr Byrne Prejudicial

It was confirmed that all the units would be rented accommodation.

# It was resolved that the following comments be forwarded to Torridge District Council:

- 1. Utilities Sewage
- The Parish Council note that South West Water have not given support to a proposed connection to the existing sewage infrastructure and also note that South West Water would not object to a private treatment system.
- The Parish Council cannot find any evidence that an application to the Environment Agency for discharge consent from a private treatment system has been made. We would like to request confirmation of this.
- The Parish Council consider that the cost of installing a private sewage treatment plant, would be better spent as a direct payment to South West Water for improvement to the relevant overloaded section of the system.
- The Parish Council are concerned about the continuing responsibilities and maintenance of the discharge processes should private treatment be accepted. Exactly who will be responsible for the maintenance?
- 2. The Parish Council are concerned that the scheme does not reflect the 2004 Dolton Parish Plan or the 2006 Dolton Housing Needs Survey in providing a proportionate mix of rental and shared-ownership properties. They also feel it's a great shame that the RHT have not followed Torridge District Council's advice and guidelines set out in the Affordable Housing leaflet.
- 3. There are issues of overlooking windows in one particular property but the design in general is considered good
- 4. There are concerns that there may be further development on the field.
- 5. The plan does not satisfy Parts 2a and 2c of HSC6. The Parish Council feel that the site is a long way from existing amenities and facilities and that there are areas of land closer to the centre of the village which have not been fully explored before resorting to the use of an exception site.
- 6. The Parish Council require improved pedestrian access. The plan at present outlines a set of steps on Aller Road which would not be suitable for wheelchairs or pushchairs.
- 7. The Parish Council requires clarification of the developer / housing provider's long term and sustainable responsibilities for providing, maintaining and insuring any play equipment that may be placed within the development, and for any grounds maintenance issues arising.
- 8. The Section 106 agreement should ensure that Education Fees are secured and pay regard to the facilities and amenities required within the community referring to the Dolton Parish Plan. A watertight S106 Agreement should ensure that affordable rent with priority for local people first is held in perpetuity."

Proposed: Clir Boyes Seconded: Clir Rolls All agreed

1/0632/2008/FUL Cleave Farm, Creation of a private conservation pond

It was resolved that the following comments be forwarded to Torridge District Council: "All in agreement. No objections "

Proposed: Cllr Grigg Seconded: Cllr Boyes All agreed

1/0667/2008/FUL Nea'ls Butchers, Conversion to form one 2 storey building

Cllr Boyes declared a prejudicial interest and left the meeting room

It was resolved that the following comments be forwarded to Torridge District Council: "Design and Access statement is not considered accurate with regard to some timescales referring to the length of business years. Joint Access; Loss of amenity to the village; The character of the building may be lost to the centre of the village.

Proposed: Cllr Rolls Seconded: Cllr Partridge All agreed

1/0636/2008/FUL Tockley Farm, Dolton 2 storey extension

It was resolved that the following comment be forwarded to Torridge District

Council: "No objection "

Proposed: Cllr Giles Seconded: Cllr Jury All agreed
